

colegio las lomas oral
donde los niños que no oyen, aprenden a hablar

July 1st, 2004

APARU Association

First of all I want to apologize for not having contacted you some months ago. We can't believe what happened. We received the donation on March, but we couldn't receive the information, about the person or association who made it.

Finally, asking and asking, last week, we reached that information, and I can write to you, to say thank you. Thank you very much. We are very glad that people outside our country, remember us, and work for us, to help us.

You know that Argentine is not an easy place to work. Really, it isn't easy to work in a non-profit organization, in our country. Our state doesn't really care about them, and every new step we decide to walk is full of difficulties. Teachers and other persons inside our school, with their personal work, make possible that our deaf children learn to talk. Individual strength in each one makes a strong school. And if we put it together with the strength that comes from people like you, we can move mountains.

So, we are really grateful, to you, because, being far from Argentina, think on us, and in our children, and decide to help us.

We know that you work hard to obtain the money you sent us. It isn't very easy for you either. But you do it for our children.

Your donation will be used as a fellowship, to allow deaf children to receive oral education, even if their parents can't afford it.

Thank you, very, very, much.

Inés Funes
Director
