This event aims to raise funds and awareness for a grassroots social organization based in Buenos Aires called **Asociación Alimentar Enseñando**. Their mission is to feed and promote the social integration of families that are below the poverty line.

Now the Association is feeding and caring for the health and education of 85 families in Buenos Aires province.

But there are still many other families living in uncertainty and fighting for survival every day.

Recent official statistics say there are now in Argentina 6.000.000 people living with less than 40p a day.

**This concert is an opportunity for helping. Join us, discover the music from Latin America and help us give Argentina a hand!**
